

The Company

K.P. Office Furniture

Providing excellence in seating comfort and design

K.P. Office Furniture started operations in North York, Ontario, Canada in 1986. At this time, a small manufacturing facility was established and the company started marketing a unique line of office seating products, office partitions and office reception furniture.

The company has grown significantly over the years, several product lines were added to further service the needs of the office furniture industry and the ongoing customer demand for superior quality, style, ergonomic design and comfort.

In the early 90's we moved to a larger more modern facility in Weston, Ontario, to better service the needs of our customers.

Today the company supplies a network of office furniture retailers in Ontario, as well as other Canadian and International markets.

We are well known for our continuing commitment to innovative engineering, quality products and great customer service. Our expert designers recognize the tremendous benefits of ergonomic design in seating, and we are proud to offer a complete line of the ERGO MASTER designs for unparalleled comfort and satisfaction.

KP Office Furniture will continue to grow and expand its market base providing quality office seating products and dedicated service to you and our customers. We look forward to continue working with our valued customers, past, present and future in meeting all their office seating needs.
